

ILLUMINATED FLEX-TIP LASER PROBES

- 33-degree, custom nitinol, curved front needle allows for easy transition through cannulas and access to the periphery
- · Uniform and consistent pattern
- · Bright, crisp midfield illumination pattern
- Maximized laser throughput
- Premium, malleable fiber cladding eliminates coiling on surgical field and minimizes pull on the surgeon's hand
- · Available in 23ga, 25ga and 27ga

Direct connect to the Alcon Constellation and the Bausch & Lomb Stellaris PC

MKT-0007 rev B
